Professional Development as an Ethical Obligation

Presented by

Dr. Cynthia Briggs
Dr. Michael Kiener

Saturday, September 12
9:00 AM-12:15 PM

Virtual Workshop

Board Certified Music Therapists who attend the workshop will earn **3 pre-approved CMTE credits.**

Dr. Cynthia Briggs

Dr. Cynthia Briggs is a board certified music therapist and licensed psychologist. She is an Emeritus Professor of Music Therapy at Maryville University of St. Louis. She has worked in a variety of academic and clinical settings over her 30+ years as a professional, with emphasis on child development, child psychiatry, music therapy education, and the arts in therapy.

Dr. Michael Kiener

For over ten years Dr. Kiener has worked at Maryville University of St. Louis, where he is a professor and director of Maryville's Rehabilitation Counseling program. Dr. Kiener stays active in the St. Louis community by being a member of multiple professional organizations including Missouri Rehabilitation Association and Inclusion Coalition for Employment. He teaches courses in research methods, counseling theory and critical thinking. In addition, he has twenty-seven publications including a co-authored book on strength based counseling and journal articles on career decision making, action research, counseling pedagogy, and active and dynamic learning strategies.

Statement of Relationship with

Certification Board for Music Therapists

Professional Development as an Ethical Obligation is approved by the Certification Board for Music Therapists (CBMT) for three (3) CMTEs credits. Maryville University (P-084) maintains responsibilities for program quality and adherence to CBMT policies and criteria.

Please contact Dr. Soo Jin Kwoun if you need special accommodations. She may be reached at (314) 529-9235 or email skwoun@maryville.edu

Course Description

Throughout this interactive session, participants will examine how overtly addressing ethical practice promotes professional development and effective Music Therapy practice. Numerous case studies will be used to highlight and reinforce key concepts such as dual roles, boundary issues, informed consent, technology, assessment, treatment planning and disclosure. In addition the 2019 AMTA code of ethics will be explored to better understanding how the updated code will benefit everyday practice.
